EXPERIENCE

.NET Developer   July 2019 – Present
Tata Consultancy Services   *Chennai, TN*

- Responsible for developing and maintaining WebForm and WinForm applications.
- Primarily used .NET Framework 3.5/4.0, ASPX for frontend, and C# for the backend.
- Automated data import from mainframe using TIBCO EMS and it saved 20% of working day for each representative.
- Implemented Validation Controls on text boxes and performed validations both on the client-side and server-side.
- Developed an SSIS package that runs at set intervals, fetches data from REST API, and stores it in our database.
- Modified SSIS package to send out an alert when received a duplicate record.
- Performed unit testing and end-to-end testing for the changes peers made.
- Made detailed technical documents according to requirement, design, and deployment.
- In addition to development, I also helped with end-user support when issues escalated above our support teams.

PERSONAL PROJECTS

Personal Portfolio | *JavaScript, Html/CSS* | GitHub   July 2021 – Present

- This static website serves as an online portfolio to showcase my web presence.
- Made it accessible for everyone by hosting the site on Github pages and Netlify.

Random Advice | *API, JavaScript, Html/CSS, AJAX* | GitHub   June 2021 – June 2021

- A website that utilizes Advice Slip JSON API and generates random advice every eight seconds.
- Used AJAX to update advice text on UI without reloading the page.

Simple Science Quiz | *Java* | GitHub   Feb 2020 – Feb 2020

- A console-based application with ten science questions, each having four choices, obtains the answer from the user and creates a report at the end.

EDUCATION

Karpagam College of Engineering   Coimbatore, TN
B.E in Computer Science and Engineering | CGPA: 7.8   *June 2015 – March 2019*

Coursework on:

- Design and Analysis of Algorithms
- Database Management System

SKILLS

Languages: C, C#, Java, SQL, JavaScript, HTML/CSS, LaTeX
